

Cranleigh Cycling Club Committee & Management Team Role Nominations 2020

In 2019 we introduced a governance structure for the Club based on the following principles:

- A core Committee that fulfils the statutory Club requirements and provides strategic oversight.
- An extended Management Team that fulfils the day-to-day activities to keep the Club going.
- All Committee members are part of the Management Team - but you don't have to be on the Committee (and attend meetings) to be a part of the Management Team.

Below you will see listed our Committee and Management Team roles. Happily, a good number of the people undertaking these roles in 2019 have already indicated that are prepared to carry on in 2020; however, we are always looking for fresh ideas and more help, so please have a think about what you'd like the Club to be doing and how you can contribute.

NOMINATIONS – PLEASE READ CAREFULLY

- You can put yourself forward for any Committee or Management Team role – even where the 2019 incumbent is also putting themselves forward. If we end up with more than one person wishing to fulfil the same role, then we shall do one of the following:
 - have a vote at the AGM (for specific Committee roles or if we have too many non-exec Committee nominees);
 - look to share the load between more than one person – this has worked well this year on some Management Team roles such as Training & Coaching.
- If you would like to undertake a particular role in 2020 and you are not currently doing so, then please put yourself forward **together with a nominator and a second**.
- To put yourself forward for any of these roles, please send your details (including names of nominator and seconder) to Keith Gooders at secretary@cranleigh.cc by **end of Wednesday 5th February 2020**.
- You are welcome to apply for both a Committee role as well as a Management Team one. In 2019 a number of Management Team roles have been undertaken by Committee Members.
- These positions will be confirmed **at the Club AGM on February 13th 2020**.
